PROFESSIONAL PROFILE

Eighth-semester Systems Engineering student specializing in Web Development and Artificial Intelligence. I have experience in designing and implementing responsive, user experience (UX/UI) interfaces using HTML, CSS, JavaScript, Next.js, and Tailwind CSS. I also have experience with automation using Make and n8n, and in developing conversational agents with the Anthropic and OpenAI APIs. I am looking to contribute my technical skills to the creation of efficient and functional AI-powered Web Development projects.

HARD SKILLS

- **Artificial Intelligence:** Anthropic API, Open AI API, Make, n8n.
- **Frontend:** HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Next.js.
- **Backend:** Python.
- **Database:** MySQL, Supabase
- **Version Control:** Git y GitHub
- **Deployment:** Vercel

PROFESSIONAL EXPERIENCE

Perfila.ai

Frontend Developer & Prompt Engineer (Confidential Project)

March 2026 – July 2026

- I participated in the development of a vocational guidance platform aimed at the Latin American market.
- I integrated the Anthropic API into a multi-block conversational agent with cultural calibration for each country in Latin America.

Castor Data S.A.S

Frontend Developer

August 2025 – December 2025

- I focused on the development and implementation of corporate landing pages using HTML5, CSS3, JavaScript and the Odoo 17 ERP.
- I implemented a new product categorization scheme for the e-commerce site, which optimized the user experience on the website.

Perfila.ai

Educational Content Auditor (Freelance Project)

April 2025 - July 2025

- I reviewed the platform's educational content to provide quantitative and qualitative feedback to the startup's co-founder with the aim of improving the content quality before its public launch.
- I implemented a new evaluation scheme that allowed the review of 75 hours of content to be completed in 3 months.

Amaevolucionar

AI Automation Specialist (Freelance Project)

March 2025 – July 2025

- I supported the company's founder in the development of Artificial Intelligence Agents to optimize the organization's internal processes.
- I automated the social media posting flow and deployed custom GPTs to automate internal processes.

Platzi

Quality Control Associate

November 2023 - November 2024

- I reviewed the platform's content to provide quantitative and qualitative feedback on each course to the Platzi education team.
- I evaluated more than 100 courses on the platform focused on areas such as programming, artificial intelligence, digital marketing and soft skills in less than 12 months.

FEATURED PROJECTS

StudyHub | [Link](#)

- **Description:** It is a web platform developed with Next.js, Tailwind CSS and Supabase, which centralizes a note-taking system, a study session timer and a task manager in a single application.
- **Technical Component:** The application uses an MVC (Model View Controller) architecture and a REST API layer.

Executive Assistants Network Latam | [Link](#)

- **Description:** Corporate website for the Executive Assistants Network Latam association focused on providing general information about that organization.
- **Technical Component:** Platform developed with Next.js 14 (App Router) and React 18 in TypeScript, with a modular architecture of reusable components (Header, Hero, sections, and shared UI). Styled with Tailwind CSS and exported as an optimized static site, integrating iconography with Lucide React.

Dotaciones Sariss | [Link](#)

- **Description:** Corporate website for the company "Dotaciones Sariss" developed with Next.js and Tailwind CSS, which focuses on displaying the most relevant information about this company.
- **Technical Component:** Corporate landing page in Next.js 16, React 19, TypeScript and Tailwind CSS 4, with technical SEO (dynamic metadata, Open Graph, sitemap) and performance optimization.

ACADEMIC BACKGROUND

Master's Degree in Artificial Intelligence

Daxus Latam

May 2026 - Present

Web Development School

Platzi

May 2026

Systems Engineering

Fundación Universitaria del Área Andina

February 2023 – Present
