PROFESSIONAL PROFILE

Eighth-semester Systems Engineering student specializing in Web Development and Artificial Intelligence. I have experience designing websites with responsive design using HTML, CSS, JavaScript, Next.js, and Tailwind CSS. I also have experience developing conversational agents with the Anthropic and OpenAI APIs and automation tools like Make and n8n. I'm looking to contribute my skills to the development of scalable, efficient, and functional projects.

HARD SKILLS

- **Artificial Intelligence:** API de Anthropic, API de Open AI, Make, n8n.
- **Frontend:** HTML5, CSS3, JavaScript (ES6+), Next.js, Tailwind CSS.
- **Backend and Database:** Python, MySQL, Supabase
- **Version Control, Cloud and Deployment:** Git, GitHub y Vercel

PROFESSIONAL EXPERIENCE

Perfila.ai

Frontend Developer & Prompt Engineer (Freelance Project)

March 2026 – July 2026

- I participated in the development of a career guidance platform targeting the Latin American job market. My focus was on developing the graphical interfaces and integrating the Anthropic API into a multi-block conversational agent.

Educational Content Auditor (Freelance Project)

April 2025 – July 2025

- I reviewed the educational content of the platform and provided quantitative and qualitative feedback to the startup's co-founder with the aim of improving the quality of the courses before their public launch.

Amaevolucionar

AI Automation Specialist (Freelance Project)

March 2025 – July 2025

- I supported the company's founder in developing custom Agents and GPTs to optimize the company's internal processes.

Platzi

Quality Control Associate

November 2023 – November 2024

- I focused on quality control of Platzi courses by providing quantitative and qualitative feedback to the education team with the goal of improving the courses before their public launch.
