PROFESSIONAL PROFILE

Eighth-semester Systems Engineering student specializing in Artificial Intelligence and Cybersecurity. My expertise lies in incident response, implementation, and support of Palo Alto Networks solutions (NGFW PA-Series and VM-Series, Prisma Access, Cortex XDR), as well as troubleshooting. I am seeking to contribute my technical skills to projects related to Cybersecurity and Artificial Intelligence.

HARD SKILLS

- **Artificial Intelligence and Automation:** Python, Anthropic API, OpenAI API, Make, n8n.
- **Network Security:** Palo Alto Networks PA-Series, VM-Series, Cloud NGFW, PAN-OS, Prisma Access, Prisma SD-WAN.
- **Detection and Response:** Cortex XDR, Cortex XSIAM, Cortex Cloud.
- **Forensic Analysis:** Windows Event Viewer, Windows Registry, Process Tree Analysis, VirusTotal, WHOIS/DNS.
- **Frameworks:** NIST SP 800-61, MITRE ATT&CK.
- **Databases:** MySQL, Supabase
- **Infrastructure and Version Control:** Terraform (IaC), Git, GitHub.

PROFESSIONAL EXPERIENCE

Netdata Cybersecurity

Junior Customer Incident Response Engineer

August 2026 – Present

- I focus on resolving customer incidents related to Palo Alto Networks platforms (Cortex XDR and NGFW PA-Series/VM-Series) and support troubleshooting during the execution of corporate projects.

Castor Data S.A.S

Frontend Developer

August 2025 – December 2025

- I focused on the development and implementation of corporate landing pages using HTML5, CSS3, JavaScript, and the Odoo 17 ERP.
- I implemented a new product categorization scheme for the e-commerce site, which optimized the user experience.

Platzi

Quality Control Associate

November 2023 - November 2024

- I reviewed the platform's content to provide quantitative and qualitative feedback on each course to the Platzi education team.
- I evaluated over 100 courses on the platform, focusing on areas such as programming, artificial intelligence, cybersecurity, and soft skills, in less than 12 months.

ITS Infocom

IT Intern - SENA

November 2022 – March 2023

- I developed several web pages to integrate them into the company's official site, optimizing the user experience (UX).
- I developed landing pages designed to highlight the services offered by the company, applying UX/UI principles and digital marketing strategies.

FREELANCE PROJECTS

Perfila.ai

Frontend Developer & Prompt Engineer

March 2026 – July 2026

- I participated in the development of a vocational guidance platform aimed at the Latin American market.
- I integrated the Anthropic API into a multi-block conversational agent with cultural calibration for each country in Latin America.

Educational Content Auditor

April 2025 – July 2025

- I reviewed the platform's educational content to provide quantitative and qualitative feedback to the co-founder with the aim of improving the quality of the content before its public launch.
- I implemented a new evaluation scheme that allowed the review of 75 hours of content to be completed in 3 months.

ACADEMIC TRAINING

Master's Degree in Artificial Intelligence

Daxus Latam

May 2026 – Present

School of Cybersecurity

Platzi

March 2026

Systems Engineering

Fundación Universitaria del Área Andina

February 2023 – Present

Software Analysis and Development Technologist

Servicio Nacional de Aprendizaje (SENA)

September 2022
