PROFESSIONAL PROFILE

Eighth-semester Systems Engineering student specializing in Web Development and Artificial Intelligence. I have experience in designing and implementing responsive, user experience (UX/UI) interfaces using HTML, CSS, JavaScript, Next.js, and Tailwind CSS. I have experience with automation using Make and n8n, and conversational agents with the Anthropic and OpenAI APIs. I am looking to contribute my technical skills to the creation of efficient and functional AI-powered Web Development projects.

HARD SKILLS

- **Artificial Intelligence:** API de Anthropic, API de Open AI, Make, n8n.
- **Frontend:** HTML5, CSS3, JavaScript (ES6+), Next.js, Tailwind CSS.
- **Backend and Database:** Python, MySQL, Supabase
- **Version Control, Cloud and Deployment:** Git, GitHub y Vercel

PROFESSIONAL EXPERIENCE

Perfila.ai

Frontend Developer & Prompt Engineer (Freelance Project)

March 2026 – July 2026

- I participated in the development of a vocational guidance platform aimed at the Latin American labor market.
- I integrated the Anthropic API into a multi-block conversational agent with cultural calibration for each country in Latin America.

Castor Data S.A.S

Frontend Developer

August 2025 – December 2025

- I focused on the development and implementation of corporate landing pages using HTML5, CSS3, JavaScript and the ERP Odoo 17.
- I implemented a new product categorization scheme for the e-commerce site, which optimized the user experience on the website.

Perfila.ai

Educational Content Auditor (Freelance Project)

April 2025 – July 2025

- I reviewed the platform's educational content to provide quantitative and qualitative feedback to the co-founder with the goal of improving the quality of the content before its public launch.
- I implemented a new evaluation scheme that allowed the review of 75 hours of content to be completed in 3 months.

Platzi

Quality Control Associate

November 2023 – November 2024

- I reviewed the platform's content to provide quantitative and qualitative feedback on each course to the Platzi education team.
- I evaluated more than 100 courses on the platform focused on areas such as programming, artificial intelligence, digital marketing and soft skills in less than 12 months.

ACADEMIC TRAINING

Systems Engineering

Fundación Universitaria del Area Andina

February 2023 – Present

SUPPLEMENTARY TRAINING

Master's Degree in Artificial Intelligence

Daxus Latam

May 2026 - Present

Software Development Bootcamp – Mision TIC 2022

Universidad Tecnologica de Pereira

November 2022
